FRANCE FAVORS NAVAL DISARMAMENT TURKISH DIPLOMAT GAINS VICTORY AS LAUSANNE CONFERENCE ENDS

TURKEY COMES BACK TO EUROPE IN FINAL TREATY

Ismet Pasha Hailed As
Savior Of His
People

NEAR-EASTERN QUESTION ENDED

Allies Agree To Get
Off Ottoman
Lands

(By Associated Press)
LAUSANNE, July 9.—Ismet Pasha has proved himself a great diplomat for by the near east treaty which arranged between the allied and the Turkish governments he achieved a succession of victories for his government.

He never relinquished his grasp on the delicate situation that often confronted his government.

The result is that the Ankara government must still be consulted by the allied powers with regard to allied concessions in Turkey. The representatives expressed the belief that a final peace will be signed within the ten days.

The great result of the Lausanne agreement as seen at Lausanne is that one of the greatest dangers to European welfare and the whole continent has been eliminated by the liquidation of war in the near east and the cessation of hostilities between Greece and Turkey.

By the agreement it is stated that allied troops will evacuate Turkish soil and Turkey under her new form of government will be free to fashion her own destiny unfettered by the European countries.

"The peace settles the whole world," these were the words of the Turkish diplomat as he issued from the treaty halls.

Turkey won a succession of victories throughout the conference. First she obtains abolition, a step that took Japan long years to gain. Second Turkey by her re-entry into eastern Thrace again comes back into Europe.

TWO ARE DEAD AND CHILD DYING AFTER SHOOTING

(By Associated Press)
MEMPHIS, July 9.—J. A. Roe, 24, of Humboldt, Tenn., and his wife are dead and their baby Doris is at a hospital here in a critical condition as a result of bullet wounds alleged to have been inflicted by Roe when he appeared at the home of his sister-in-law today.

The child is a year and a half old and was shot through the stomach. The two shots that killed Roe and his wife were fired just as police, who had been summoned by the neighbors reached the Harrison dwelling. When they gained entrance to the room they found Mrs. Roe dead and Roe crumpled on the floor beside her with a bullet wound in his temple. Physicians were called but were unable to reach the wounded man in time to resuscitate him.

At the time of the shooting Roe and his wife were the only persons in the Harrison dwelling.

His sister-in-law said that Mrs. Roe came to her home some weeks ago and said that Roe had been abusing his wife. The slain woman was said to be about 22 years of age.

WALKER SCORES GOTHAM CHIEF ON RECENT ISSUE

(By Associated Press)
DES MOINES, July 9.—Gov. Al Smith was called the "Goliath of the Wets" in the address of R. A. Walker of Chicago, at the International Christian Endeavor convention here today. "The Wets are the Philistines of the present day," said Mr. Walker. "They have won a temporary victory and they have selected as their big blustering champion, the governor of New York who is heralded as their great leader, just as was Goliath, the defiant champion of the Philistines apparently have things going their way and many of the dries are relatively in the same position as King Saul's forces, fearful of results."

"Have we dries so soon forgotten that the 'battle is the Lord's'? Are we standing in fear of the results when we have God and truth on our side? Who is there among the wets that can stand against truth?" "Let 'Goliath' Smith beware. Somewhere in the ranks of the Dries there is a David with mighty faith and a trusty sling. In the sling will be placed the stony votes that will hit Goliath between the eyes—whether that Goliath at the next election be Al Smith or some other champion of the Wets. Whenever the Goliath of the modern Philistines may be, he will be politically dead after election—possibly after the presidential primaries.

"The Wets are like frogs, they make a lot of noise but their noise means nothing."

Vacation Days Horn Springs

Horn Springs on the Tennessee Central, 26 miles from Nashville is one of the most delightful places in this section of the country to spend vacation. Mine host Horn and his capable associates do everything possible for their guests, that they may be comfortable and enjoy a summer's outing. Swimming, dancing, bowling, etc., and a most desirable surrounding in every way, with "eats" fit for king. It is reported a number here contemplate going to Horn Springs at an early date.

(By Associated Press.)
MONTGOMERY, Ala., July 9.—Persons between the age of 21 and 25 are in majority among convictions for crime, according to a statement issued by the state convict department.

The statement continues by saying that convictions for violation of the prohibition statutes of the state are greater than for any other crime and that the number of new prisoners received in the penitentiary are of equal proportion between white and negroes.

This officials say interesting—as negroes outnumber whites in the prison, ratio two to one.

The report in part follows:
"The first six months of 1923 finds 423 new prisoners received in the state prison, of this number 135 were convicted of violation of the prohibition law. Second in line comes grand larceny convictions, totalling 65 and burglary third, marking 47."

"The three most thickly populated counties in respective order, furnished the largest number of prisoners Jefferson, 68; Mobile, 34, and Montgomery 32."

"Seven Alabama counties failed to furnish a single convict during the period. The counties referred to are: Bullock, Henry, Covington, Lowndes, Marion, Pickens, and Sumter."

"The number of whites received during the period totaled 203, compared with an equal number of negroes. The present number of negroes in the penitentiary is more than twice the number of whites."

"On July 1, 1923, 2,953 prisoners were held in Alabama prisons, of this number 845 were white males, 1,973 were negro males, 9 white women and 126 negro women."

BALLOONISTS ARE FOUND AFTER LONG SEARCH

(By Associated Press)
FORT STANLEY, Ont. July 9.—The body of Lieut. L. J. Roth, pilot of the ill fated balloon that has lost some four or five days ago was found in the basket 16 miles from here this afternoon. The basket was picked up by a fishing boat after an extensive search had been conducted by aeroplanes and boats.

No trace was found of the other officer, T. B. Null, who accompanied Lieutenant Roth on his ill fated voyage.

A life belt was found around the body. The basket contained nothing to show how the aeronauts met their death.

NEGROES WILL NOT BE SENT NORTH: HINES

TREASURY ORDERS NOT SUFFICIENT

Citizens Say Have
Promise In
Writing

(By Associated Press.)
WASHINGTON, July 9.—The future policy of the war veterans bureau in regard to operations at the Tuskegee institute will remain unchanged, Director Hines said today on returning from a personal inspection from Tuskegee.

For the present Director Hines said the hospital will be conducted with the personnel of white doctors and negro nurses but the prospects of putting negro doctors there will continue.

There seems no doubt, Mr. Hines said, but that the citizens of Tuskegee were made certain promises when land was appropriated for the building of the hospital for the negroes. The order given by the Treasury that the hospital be put under white personnel was not sufficient for the Treasury exceeded its authority. The veterans bureau will move cautiously in the matter.

The institute, he pointed out, is manned entirely by negro personnel but has a board of trustees made up of sixteen white and four blacks. It is thought that the plan adopted will be similar in nature to the one system now being carried out at the institute.

At any rate, Mr. Hines said, the citizens committee at Tuskegee has promises in writing and those promises should be fulfilled to keep faith with the people and their government.

Pending conferences arranged on his visit to Tuskegee with the citizens committee, Director Hines said he would stand pat and would not make the appointment of a white doctor to the personnel which had been recommended and as late as today the director general refused to sanction the appointment of the white personnel.

Director Hines said that in settling the controversy that it was not probable that he would follow the suggested plan to make the hospital white and move the negroes north.

He said the negroes will remain at Tuskegee.

Revenue Board Holds Meeting

The Morgan county board of revenue is in session today for its regular monthly meeting of several days.

Judge L. P. Troup, is presiding with the following board members in attendance: A. M. Dunaway, James A. Gurley, J. A. Robinson and B. E. Davis.

A number have already appeared before the board on different matters including J. C. Ford, county farm agent and J. D. Atkinson of Lacey Springs.

Mr. Atkinson, has proposed to the board that certain new road work be done at Lacey Springs.

Mrs. Rosalee A. Pursell, 56, mother of nine children and grandmother of six, a modest, gray-haired woman, stood among the graduates of the Los Angeles (California) high school and received her diploma with her son, Frank. In the audience was her daughter, Naomi, 'baby' of the family, herself a freshman. A desire to keep up with modern education was the reason for her progress through high school.

'MODERN WOMAN' SERIES DRAWING LOCAL INTEREST

The Sunday services at the Westminster church Sunday were well attended, especially large was the congregation of Sunday night, when the pastor, Dr. L. F. Goodwin, preached from the subject: "The Discouraged Bride."

The sermon last night was one of a series now being preached by Dr. Goodwin on "The Modern Woman."

Following an inspiring musical program led by the choir, at last night's service began his sermon.

The discourse was based on the Bible account of Achan, the daughter of Caleb and the bride of Othniel, who like many other brides, became dissatisfied with her portion and longed for something more to complete her earthly happiness. From her father she had obtained an inheritance which, with her recently wedded husband, should have been sufficient to have enabled her to say "The lines have fallen to me in pleasant places."

But we find her saying, "Give me also."

"This ancient story suggests to us how incomplete human happiness is—How 'Something more' is always wanted, and sought after, to satisfy the discontented heart."

A bride is taken from her home amid a shower of good wishes. She has the man of her choice, a host of friends and a large circle of admirers. Her future is bright with anticipations, but ere long there is "A fly in the ointment." Things are "so different!" She sighs for the old society, old friends, and finds it impossible to adjust herself to the new order. She feels that the sacrifice she is making is more than she should expect. She is sure he could do better, she believes his love is waning.

He too experiences something of the same dry, barrenness of life. Sure, he is that she is not as economical as she might be. He speaks of how mother "used to do." Ere long the dissatisfaction leads to distrust. Instead of harmony there is discord. Instead of delight there is scorn.

Many pleasant prospects have proved like the mirage of the desert. Like a river that loses itself in the sand. Thus homes are wrecked, hopes are blasted, hearts are broken, and souls are destroyed.

In him the fullness of all satisfying good. As the field is barren without the waters of heaven, so any earthly inheritance is profitless without Him.

DEMOLAY YOUNG MAN'S ORDER

DeMolay is primarily and specifically a young man's order, and its principles and teachings afford wonderful opportunities for developing young manhood of the finest type.

"The young man who observes the rules of conduct prescribed by gentlemen will be sure to develop mentally and morally and equip himself for useful citizenship," says the DeMolay Councillor.

"One of the reasons why DeMolay ranks so high as a character-building institution is that it fills a special need in the boys life at a period when membership in a secret society has a particularly strong appeal."

"Independence of action is encouraged by permitting the members of the order to choose their own officers and direct their own affairs, the adult order which sponsors the junior fraternity simply acting in an advisory capacity."

"Standing as it does for patriotism, reverence for the Deity, filial love, clean living and good citizenship, the influence of the organization is bound to be wholesome, and thoughtful men of all walks of life welcome its entrance in the field of fraternal activities."

STRIKE LEADERS ARE JAILED PICKETING

(By Associated Press.)
BROOKTON, Mass., July 9.—Four hundred pickets were arrested as a result of the opinion of the Federal court in Boston that picketing during a strike, now in action here, is illegal.

Among those arrested were some of the prominent leaders of the picketing faction.

Every cell in the police station was filled and the prisoners, led by their leaders, sang "America."

There were no disorders reported.

FARMERS MEET AT HARTSELLE ON WEDNESDAY

On Wednesday of this week, President J. S. Kernachan of the Cotton association of the Alabama Farm bureau will meet the farmers of Morgan county at Hartselle at 2 o'clock p. m. Mr. Kernachan will be accompanied by J. T. High, district farm agent, and both men are expected to make addresses.

The occasion of the Hartselle meeting is the opening of the county drive for a larger membership among the farmers in the cotton association. The Hartselle meeting is a part of the south wide campaign for increasing the membership of the farm bureau and the cotton association.

WE FAVOR ACCEPTANCE OF HENRY FORD'S BID FOR MUSCLE SHOALS.

AN EPOCH MAKING EDITION OF THE BIRMINGHAM AGE-HERALD.

Sunday's edition of the Birmingham Age-Herald will be long remembered by those who take keen interest in the progress of that newspaper and by those who are sincere and earnest in their support of the Ford bid for Muscle Shoals. The front page of the Birmingham morning paper of Sunday carries a striking picture of the Age-Herald building, formerly the home of the Jefferson County Savings Bank.

Business is something that always appeals favorably, and the Age-Herald is to have a big roomy house with twenty-seven floors, to say nothing of the possibilities of the large building adjoining the home building of the newspaper. Now also the property of the Age-Herald.

More business, however, with no high ideals or useful purposes to go with it appeals to nobody. If the Age-Herald did not espouse good causes, its evident great future as a newspaper would be viewed with alarm by the right thinking people of Alabama. But because the Age-Herald is pledged to work for the best interests of all the people, its growth and expansion will be regarded with pride and enthusiasm by the people of the state.

Sincere believers in the righteousness of the cause of those who are fighting for the success of the Ford bid, are particularly pleased with the

display the Age-Herald made Sunday morning in favor of the acceptance of the Ford bid.

On the front page of the paper appears the beginning of a serial story on the struggle for a just recognition of the Muscle Shoals. This article bids fair to arouse greater effort on the part of the supporters of the Ford offer.

On the editorial page, the management of the paper renews its allegiance to the Ford standard, and many reasons are suggested which bring into prominence once again, the fact that Henry Ford has made the highest and best bid for the development and use of the governments great properties at Muscle Shoals.

LET THE STATES HOLD TO THEIR POLICE POWERS.

It is gratifying to note that the South is standing like a stone wall against any modification of the prohibition laws. More and more the sale, manufacture and use of alcoholic beverages should be striven against with all the power of moral suasion and with all the strength of the arm of the law. The South has many reasons why her people desire a strict enforcement of the 18th amendment according to the provisions of the Volstead act or another just an exacting. Southern people know that once a little break can be made in the dam that holds back a flood of liquor debauchery, the way will soon be opened for whole oceans of whiskey, beer and wine. Because of the stand the South as always taken for 'states rights' it behooves the state themselves to curb the whiskey traffic all possible, without the aid of federal law enforcement officers. President Harding's logic is that when states like New York refuse to help enforce state laws against liquor they have surrendered their own police powers in favor of the federal power. Is he not right about it?

The slogan of the lazy, Do not do today, what you can put off until tomorrow.

If words never resulted in deeds, they would be still more harmless than they are. But since you never can tell, it is best to speak softly.

The selfish and the weak meet people with repression; the intelligent and the strong meet with understanding.

There is very little worry among those who work for value received over the failures of the speculators of Wall Street.

BE INTRODUCED A BILL AT THE NEXT LEGISLATURE OF ALABAMA SUBSTANTIALLY AS FOL- LOWS:

A BILL
To Be Entitled
An Act
To Amend An Act
To establish a County Court for Morgan County; to define its jurisdiction and powers; to provide for its officers, their powers, duties and compensation; to provide that said court shall be open at all times for the trial of cases and transaction of business, prescribing rules and procedure of said court; and to provide for the transfer of certain causes now or hereafter pending in the Circuit Court of Morgan County, Alabama, to the Morgan County Court.

Approved September 24, 1919.

Section 6 shall be amended so as to read as follows:

"That the Deputy Solicitor of Morgan County shall be solicitor of Morgan County court and shall hold office until the second Tuesday after the first Monday in January, 1923, and until his successor is elected and qualified, and shall prosecute for the State all causes in said court, and for so doing he shall receive a salary of One Thousand Eight Hundred Dollars (\$1,800.00) per year, payable One Hundred and Fifty Dollars (\$150.00) per month, out of the County treasury at the end of each month, his signed receipt being required. Provided, further, that all solicitors' fees taxed and collected in said court shall be paid into the general fund of Morgan County, and the salary of said Solicitor shall begin upon the approval of this act; and at the general election in 1922 and every four years thereafter there shall be elected a solicitor for said Morgan County Court by the qualified electors of Morgan County, who shall take office at the expiration of the term of the present Deputy Solicitor, and every four years thereafter."

Section 9 shall be amended so as to read as follows:

"The judge of said court may determine and fix the time for holding the sessions of said court; for the trial of all cases, both civil and criminal; provided, however, that all civil the criminal cases, both cases to be tried by a jury and those cases in which no jury has been demanded, shall be called for trial at least once every thirty days until said cases are disposed of."

Section 15 shall be amended so as to read as follows:

"That all actions of ejectment forcible entry and unlawful detainer, and all other civil cases are to be tried by the court without the intervention of a jury unless at the time of filing the suit, plaintiff shall indorse upon the summons and complaint a demand for a jury trial, or that the defendant at the time of filing the first pleadings in the case or at the time of making his appearance, shall demand a trial by jury; provided, however, that all cases involving less than twenty Dollars (\$20.00) shall be tried by the court without the intervention of a jury, and provided further, that all criminal cases shall be tried without the intervention of a jury unless a jury is demanded as provided in Section 15 1-2 hereof; or unless a demand for jury is indorsed upon the bond at the time of making of the same.

Said act to be amended by adding Section 15 1-2, as follows:

"That in all criminal cases the defendant shall be required to appear before the court the first Saturday in the month succeeding the month in which he is arrested, at which time his case must be called and the defendant required to plead; and all pleadings except the plea of not guilty, shall be disposed of then and there; and in event a plea of not guilty is entered, the judge shall thereupon set his case for trial upon a day certain and notify the defendant then and there the day upon which his case shall be called for trial; provided that upon the appearance of the defendant as provided in this section, and upon his entering a plea of not guilty, he may then and there demand a trial by jury; and in event a trial by jury is demanded the case must be set for trial at some week not more than thirty days thereafter, at which a jury for said court shall be empanelled; and in case no jury is demanded, then said case must be set for some time, within 30 days when no jury is empanelled to be tried by the court without the intervention of a jury.

Section 16 shall be amended so as to read as follows:

"That in all actions of ejectment, forcible entry, unlawful detainer, and trial for the right of property, and in all civil cases where the amount involved exceeds one hundred (\$100.00) dollars, the defendants therein shall be required by the summons served upon them to appear and plead or demur to the complaint within twenty (20) days after the service of such summons and complaint upon them; and in all cases, whether commenced by summons and complaint, attachment, or otherwise, any defendant failing to appear after service upon him has been perfected, or notice given him as herein required, shall be held to be in default, and at any time thereafter, on motion of the plaintiff, judgment by default shall be rendered against him; provided, that the court may, for good cause shown, allow such judgment so obtained by default, to be set aside, and demurrers or pleas to be filed, on such terms as the court may think best; provided, however, that in all cases where judgment by default has been rendered against the defendant, the plaintiff may execute a writ of inquiry before the court without the intervention of a jury, and have final judgment rendered thereon."

Section 17 shall be amended so as to read as follows:

"That this court shall have exclusive

jurisdiction of all cases appealed from justice of the peace, and all other inferior courts of Morgan County, and all cases appealed from the Morgan County court, and all original means processes, writs, notices, etc., shall be executed instantly, to be returnable immediately upon the execution thereof by the officer receiving the same; and all cases so appealed shall stand for trial at any time after five (5) days notice of the suing out of such appeal to the adverse party, the notice to be given as now required by law."

Section 23 shall be amended so as to read as follows:

"Said court shall have jurisdiction in civil cases in all matters where the amount involved does not exceed two thousand (\$2,000.00) dollars, and in all actions of ejectment, and original jurisdiction in actions of forcible entry and unlawful detainer, and trial for the right of property, irrespective of the amount involved, or the value of the property, provided, that in actions of unlawful detainer, the defendant may, within the time allowed for pleading, file an affidavit, and give bond as now authorized by law in actions of this kind, and thereafter the same shall be tried as other actions in ejectment."

Section 40 shall be amended so as to read as follows:

"That all jurors from this court and the branch court herein created, shall be summoned from the entire county, that the venire for said court shall consist of twenty four (24) jurors drawn as provided by law for the drawing of jurors in the Circuit Court; provided, however, that in all civil cases the judge of said court may require the parties to select a jury from eighteen (18) or more qualified jurors, as now provided by law for the selection of juries. It being the true meaning and intent of this act that the judge may, in civil cases, limit the number of challenges to three to each side; and in all criminal cases the judge of said court may require the selection of a jury from eighteen (18) qualified jurors as is now provided by law for the selection of juries in misdemeanor cases."

DECATUR, ALABAMA

July 7, 1923.

To the Citizens of Albany and Decatur, Alabama:

There recently appeared in the local paper an article signed by a number of representative citizens criticizing the Alabama Water Company for an alleged lack of pressure on the occasion of the recent Tavern fire.

The Water Company believes that it was not at fault on this occasion; that our facilities and equipment for furnishing water for domestic, as well as for fire protection, purposes are ample and sufficient; that there was furnished by the Water Company sufficient pressure and a sufficient volume of water for the fire if the facilities at hand had been properly used. The Tavern is surrounded on all sides with large mains sufficient in size to furnish any needed volume of water under adequate pressure.

The Water Company has requested the Alabama Public Service Commission to detail its engineers to make an examination and report on the situation for the information of the public. The Water Company expresses the hope that the judgment of the public in the matter, be held in abeyance until the report of the engineers of the Public Service Commission has been made.

We may be pardoned for taking advantage of this opportunity to say that the plant of the Alabama Water Company at Albany and Decatur is equal to, if not superior to, any plant in the State of Alabama, except in the mere matter of size.

ALABAMA WATER CO.

S.S.S. stops Rheumatism

"My Rheumatism is all gone. I feel a wonderful glory again in the free motion I used to have when my days were younger. I can thank S.S.S. for it all. Do not close your eyes and think that health, free motion and strength are gone from you forever! It is not so. S.S.S. is waiting to help you. When you increase the number of your red-blood-cells, the entire system undergoes a tremendous change. Everything depends on blood strength. Blood which is minus sufficient red-cells leads to a long list of troubles. Rheumatism is one of them." S.S.S. is the great blood-cleanser, blood-builder, system strengthener, and nerve invigorator.

Big Attendance Baptist Church

The church and Sunday school services at the Central Baptist church Sunday morning were well attended and proved to be inspiring.

The Sunday school totaled 246 a fair attendance for the summer season, but the superintendent, D. D. Gibson, says he will not be satisfied with less than 400 regular attenders of the school.

The convention Bible class numbered 69 yesterday when not less than 100 men were expected. The lesson for this class was taught by W. R. Spight in a most interesting manner. A feature of the school was the report made by Mrs. D. F. Green, a former and loyal member in the past, on the health of D. F. Green who is due from Stockholm, Sweden, July 20. Mr. Green wired direct to John H. Green as follows: "Well, notify folks."

Local Baptists are planning to have Mr. Green, make his first public speech here on his return from Europe.

ORDER OF PUBLICATION

Minnie Hamner vs. Doyal Hamner
Circuit Court, Morgan County, Alabama. In Equity.

In this cause, it appears to the Register, from the affidavit of Solicitor for complainant, that the residence and address of defendant Doyal Hamner are unknown, after diligent effort to learn the same, and that said defendant is over 21 years of age. It is therefore ordered by the Register that publication be made once a week for four consecutive weeks in the Albany-Decatur Daily, a newspaper published in Morgan County, requiring said defendant to plead, answer or demur to the bill in this cause by August 9, 1923, or in thirty days thereafter a decree pro confesso may be taken against him.

This July 9, 1923.

OIL STOVE 1 Down

Cooks as fast as gas

SEE THIS GIANT BURNER TURN COMMON KEROSENE INTO A FAST GAS FIRE. NO WICKS. NO SMELL

THE WONDER BURNER THAT GIVES GAS RANGE RESULTS

The Red Star is like no other oil stove. Its similarity is only in the fact that it burns the same fuel. All the cooking, however, is done with Gas. The remarkable burner, without wicks or wick substitutes, converts the fuel into gas which burns in a double ring of clean, blue, intensely hot flame, to which is added the heat of the never needs replacing. There are no wicks to buy—no red-hot all metal burner. The burner lasts a lifetime—wicks to clean.

A PROVED SUCCESS IN YOUR NEIGHBOR'S HOMES FOR YEARS

Ask the women in your neighborhood who have used Red Star Oil Stoves for years. They will tell you just how reliable it has proved—what wonderful baking it does—how quickly it gets the most elaborate meals.

They will tell you how much cleaner it is than other ranges—how free from smoke or smell or dirt of any kind—how wonderful it is not to have to bother with wicks. They will tell you how sturdily it is built—show you its shining black and white enameled surface, beautiful after years of use. An they will say that no woman who has ever known the gas range convenience of a Red Star Oil Stove will even willingly be without it.
